## Spring 2023 Training...

Participants receive 13 natural  
resource based training from natural  
resource experts on topics including:

- The Role of Naturalists
- Ecological Concepts
- Soils and Geology
- Forest Ecology
- Wildlife Management
- Aquatic Ecology
- Grasslands and Prairie
- Birds, Insects & Mammals
- MO Wildflowers & Native Plants
- Caves and Karsts
- And much more!

During and after training participants  
have the opportunity to assist with  
conservation service projects in their  
local areas.
